What is ChatGPT?

Let's ask ChatGPT what it is!
What is ChatGPT?

It knows a lot because it analyzed a lot of text from the internet and it generates responses by looking at speech patterns.
What is exciting to you about ChatGPT and other tools like it?

→ Curiosity to learn about AI tools, applications and potential benefits
→ Using AI tools to enhance communication, productivity, and technical knowledge
→ Using AI to problem solve in new and creative ways
What has AI done to be helpful?
Examples: Improving Workflow

Using ChatGPT, one of our staff was able to improve their workflow with a more efficient Google Sheet formula, and an Apps Script.
Example: ChatGPT Plugins

One of our staff members has a paid subscription to ChatGPT, which gives them access to Plugins that build upon the abilities of ChatGPT.
